MANDATE

The Union of Retail, Bar, and Administrative Workers

STRIKE AT KNIGHTINGALES

We are in dispute with Knightingales because of their decision to dismiss a member of staff without valid reason some weeks after she had completed her probationary period.

All attempts by MANDATE Trade Union to meet with Management in order to resolve this matter have been totally ignored and it appears obvious that the Company do not wish to recognise the right of the Union to represent its members.

The members of MANDATE in Knightingales had no alternative but to take Industrial Action in solidarity with their dismissed colleague.

YOUR SUPPORT IN THIS MATTER WOULD BE VERY MUCH APPRECIATED
